I've repeatedly used the Navpress Life Change series for Sunday school and Bible studies, and like them very much because of their approach to gleaning meaningful insight. This Kindle version does that too, but I find it just a bit more difficult to navigate. The format is just slightly different than that of the hard copy version. This means that as I lead a group who are using the paperback, I need to take care to identify where I am in the study. There are no page numbers in the Kindle version. On the other hand, with this Kindle version I have gained the ability to copy and paste the questions to a word document, and I can type my answers to the Word document, for use as I lead the group. This eliminates writing the answers by hand, and dealing with what is often limited space.

This book series is very exegetical and unbiased. Everyone whom I've shared them with has liked them. I'm working on attaining the whole collection slowly.

very informative

Brilliant self-study for those wanting and in-depth study of Paul's letter to the church in Philippi. Sharp questions that give the reader pause and make him/her reflect on the Biblical text; on interpretation; and on the hardest part, application. Highly recommend.

It's pretty indepth. Not for the faint at heart. Study was rewarding, but confusing at times. Enjoyable, if you don't mind going deep in both thinking and time.

Life Change does a great job on these Bible studies. Plenty of do your own study and then add on for group study as well. My husband has done many of these with his men's group and they get into some pretty good discussions.

I'm doing this with a small group at my church. This is the first time I'm doing the Life Change series and it's really thorough... making you summarize the book of Philippians. But I also like it because it asks you questions that aren't necessarily right/wrong. Everything came on time and was new as described.

Wow, what a great epistle! Wonderful study! Consider doing John MacArthur's sermons on Philippians at the same time.[...]
