Customer Reviews

For over 20 years, Marion Peck has stood out on the contemporary artistic scene. A unique artist away from passing trends and seasonal impulses, she plays with all the fundamentals of a perfectly mastered classical education to introduce us to a world both familiar and enchanting, a world in which cats are three-eyed, and teddy bears are enormous and frightening. A totally pagan celebration of renewed and asserted Kitsch. Born in 1963 in Colombia, Marion Peck has organized numerous solo exhibitions in the United States and in Europe (Paris and Rome). She currently lives in Eagle Rock, California, with her husband, Mark Ryden.

I looked at it. It is amazing. I love her and I love what she does. She is as beautiful in her mind as she is her pictures. She is just great. I love my book.

One of my favorite artist...and this book is jam packed with all of her amazing works! Truly an incredible book of art for all ages.
