They live with their children in upstate New York.

My 3yr old loves Lady Bug Girl, so we bought a few of these shorter stories to read at bedtime on nights that we are not up to the full books. These are great board books with cute little stories. The illustrations are really fun and we really enjoy them.

My daughter loves all the Ladybug Girl books. I wish there were more rhymes (good for language

development), but these books and illustrations are just so cute. We love them.

This is one of the books that my son & daughter in law reads to my little 3 year old granddaughter at bedtime

Soooooooo CUTE! My sister-in-law loved that I got these for my 3 year old niece. They were on her wish list, which I hadn't looked at. It's a nice quality board book with the exciting adventures of Ladybug Girl, I got her matching ladybug jammies too...very cute!

Sweet little book! My granddaughter loves me to read this to her at bedtime.

One of my little girls' favorite books. I originally found this at the local library, and my daughter asked me to read it to her 5 or 6 times in a row. This was the first book she had ever done that with, and since then, we have purchased almost every book in the series.

I chose this because I thought my granddaughter would enjoy a new series. She is mildly taken with the Ladybug Girl. I have purchased more books in the series. Perhaps these will make Ladybug Girl more interesting overall. This book was shipped in perfect time. The book was in better condition than I would have expected. I genuinely enjoy purchasing books on .com Thank you

I bought this book for my best friend's baby and they both loved it. I think it's a really cute book and it's something different from other children's books. She knows loves everything ladybug.
