I've had Page-A-Day Gallery Calendars for the past 6 years and I LOVE THEM. I usually get the Island one - but they didn't publish it this year... So I have this one. It's simply gorgeous. The pictures are so big, so bright and just beautiful. I tend to cheat and go through the pictures in advance (I'm bad, I know) - but not this year. Every day is a surprise. I always go through my calendars at the end of the year to pick out the best pictures to use for scrapbooking or whatever - these calendars are simply the best.

I bought flowers calendar last year. So I got the birds one. I like it but a lot of the pages are not that colorful. The flowers one was excellent every day. The birds calendar is OK on most days and excellent colorful occasionally.....a wee bit disappointed.

Really love this calendar. It's beautiful with superb quality pictures. I have given one to my aunt every single Christmas for years...she looks so forward to getting this calendar. My brother saw it and loved it, too, so I now am giving him one of these every Christmas. Before my mom passed, I had given her one, as well. They are NEAT. The birds are so amazing, so unique, so beautiful.

I LOVE this calendar! Got one as a gift a few years ago and now I have to order one for myself every year. I keep one at my desk at work and it's a great conversation starter, even people who aren't interested in birds like to look at it and comment on the bird of the day. Very nice quality paper, photos and the holder too. Love love love this calendar!

Beautiful photos of varied birds from all over the world. I buy this or similar calendar almost annually and would recommend for most bird lovers/.watchers who still use a paper calendar.

Lovely pictures and very well made. It would be nice to have some thought out into the birds they choose for holidays, Mondays, weekends, etc. I have also had the dog calendar by the same company and they are always perfectly chosen for the holiday. The birds are seemingly randomly selected. It would also be nice to know where each bird picture is taken, not just the name of the kind of bird it is. I have bought this calendar for the past 4 or 5 years for my friend and she loves it, except for the above mentioned recommended improvements.

The reason for 4 stars is we wish it would tell where these birds live. We love the pictures of them - they are so beautiful.

awesome daily calendar....wish there was more info on the birds, but the pictures are spectacular!
Well worth the price
