Irish Rose (Irish Hearts)

Synopsis

In this classic romance from New York Times bestselling author Nora Roberts, one woman will discover that love has the power to overcome all barriers. Erin McKinnon had followed her cousin Adelia to America and was immediately captivated by Royal Meadows's charm. But she was not nearly as impressed with Burke Logan, owner of the neighboring property. A womanizing, cigar-smoking gambler, he was exactly the type of man her mind told her to stay away from. The heart has never been very practical, though.

Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling In Death series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

I love when romance is mixed with some suspense makes it so it's not just all sappy Nora Roberts does great job with that in this series

This was the second part of a trilogy, and written back in the 80's I believe, which explains some of the actions of the characters. Even though the H could be an unbelievable ass at times, I enjoyed the story very much. The author writes very well as everyone knows and the combination of an Irish h and a stubborn, alpha H was irresistible.

3.5 stars. I liked the first one much better. I wasn't bad just ok I guess.

A pleasant read, though it didn't quite hold up to what I expect from NR. Perhaps a little older, less polished and... just less than , I suppose, compared to some of my favorites by her. Will complete the trilogy.

The first 2 books were a bit repetitive yet I was compelled to continue to next book in the series. Glad I did. Now I want to know what happened to Maeve. Morgan how will all of her gifts develop? will she find her mom? And please don't leave me hanging with Keelin baby Grace Margaret. More books to be written.

Great Romance

I have read the book. I can't wait to listen to the book...

As always Nora Roberts is the best!!!
