Customer Reviews

I really can't get enough of this author. My husband thinks I'm crazy, but it's just so romantic, and the stories move from one to the next really easily. I look forward to coming home from work to read it. I was a fan of Pride and Prejudice in college, but these stories are lighter and easier, and just as satisfying. I'm always telling my friends about Abigail. (They think I'm crazy) LOL.

If you want something that is flowing and to the point than this 4 book set is a great way to start. I will read more books by this author. Thank you for sharing your writing talent with us.

Enjoyed the stories.

An enjoyable read taking me to another time and another place and society

Good light reading while sitting on the beach.

Lovely stories. Stories my granddaughter might read. Romancing without overdone sex scenes. Very well written, entertaining storylines, and well proofed! Sex is wonderful, but it should be enjoyed privately, not read by fifteen-year-olds. Recommend her stories for all ages.

A wonderful group of tales of love and romance as experienced by the royalty. So pour a cup of coffee, find a comfortable chair and relax with a good book.

So much romance, fashion and gallantry packed into this fabulous four book set! I loved it! I'd

recommend firing up your kindle so you can grab it while it's hot!
