Customer Reviews

Good selections that differ somewhat from the other air fryer books I have seen. Some good tips, as well. Will definitely try some of the recipes!

Not very helpful. Recipes are ones any decent cook could figure out on their own.

It is just ok,

Wonderful.

good stuff

very helpful

I did like many of the recipes but had to convert some of ingredients from grams and kilograms to cups and teaspoons, pounds and such.... not an easy task. I was funny that some of the recipes used BOTH grams and cups for measuring the ingredients.

Very good cook book. I've used several recipes and they were very good
