Love these prints. Exactly as expected. This helped created my botanical print wall with a modest budget.

Beautiful prints. Unbelievable bargain. They look amazing once framed.

Great prints! Framed in Golden State Art, 11x14 Photo Frame, Cream Color with Brown Lines, with White Mat for 8x10 Pictures, & Real Glass.

It is what it says- images intended to frame. Each page is printed on one side only, and there are perforations along to spine to easily remove the image you want. It looks like the images came from multiple original botanical texts, so there is some variety. Some of the images include roses, irises, pears, peaches, poppies and crocus. The pages themselves are 8"x 10", but the images themselves can be 7"x9", so if you wanted to trim them down for a smaller frame, that would probably be doable.

My second purchase of this book. Frame up wonderfully and with added matting, they look very expensive

I love these botanical prints so much. Feeling a little cheated because one of the pages (one which I like very much) had a printing mistake. I'm still giving 5 stars because the book itself is awesome.

My boyfriends mother loved it! :) Makes for an excellent gift.

Quick shipping, lovely book. Not 100% happy that all of the backgrounds don't match. I can't use the pictures for the intended purpose as I needed 18 pictures all with white backgrounds...most of the backgrounds in the book are yellow. Still some pretty photos, so I'll make use of it somehow.
