Kuplink, kuplank, kuplunk go the blueberries into the pail of a little girl named Sal who--try as she might--just can't seem to pick as fast as she eats. Robert McCloskey's classic is a magical tale of the irrepressible curiosity--not to mention appetite--of youth. Sal and her mother set off in search of blueberries for the winter at the same time as a mother bear and her cub. A quiet comedy of errors ensues when the young ones wander off and absentmindedly trail the wrong mothers. *Blueberries for Sal*--with its gentle animals, funny noises, and youthful spirit of adventure--is perfect for reading

aloud. The endearing illustrations, rendered in dark, blueberry-stain blue, will leave you craving a fresh pail of your own. (Picture book)

The artwork is amazing. Such a sweet story from my childhood of about 45 years ago. I remember the librarian reading this book to us in the elementary school library.

From an award winning author. My children enjoyed it. It reads well and has a good story. Recommend it along with its follow on book. One Morning in Maine and other McCloskey books: Make Way for Ducklings, Homer Price and Centerburg Tales.

A customer told me about this book for my daughter. I was honestly surprised by how much she loves it years later! It's one of her favorites. She's looking forward to going blueberry picking this summer. The book is sweet & simple.

bought both the paperback and hardcover of this for a unit study, timeless title

A wonderful children's book.

This arrived in perfect condition. It's a lovely story with beautiful illustrations. I am currently reading it regularly with my 3-year-old daughter and will be using it in my 1-3 grade Montessori classroom this fall for an author study. As an added bonus there is a Robert McCloskey exhibit with artwork from several of his books (including this one) at the Eric Carle museum through this October.

I ordered it for someone else and already loved it.

Great great book! Great story great pictures. Such a wonderful book about "little ones" and their moms. I loved this story as a child and I still love this book it should be in every classroom in every school for kids 10 and under.
