I Want To Be The Only Dog (Building Relationships)

Synopsis

All parents and educators know that when you get more than one child in a room, there is bound to be at least a couple of them arguing over something. Award-winning author Julia Cook tells the funny and relatable story of how her three dogs view their siblings. Jake remembers what it was like when his life was perfect, and he was still the only dog. Angus hates being stuck in the middle. And Kirby just feels like she's always bossed around. Readers of every age will chuckle over the silly antics of these pooches while being reminded that siblings provide lifelong lessons in tolerance, patience, sharing and conflict resolution... plus siblings make cleaning up a lot easier!

Grade Level: Preschool - 3

Customer Reviews

All parents and educators know one thing - when you get more than one child in a room, there's bound to be at least a couple of them arguing over something. Award-winning author Julia Cook tells the funny and relatable story of how her three dogs view their "siblings." Jake remembers what it was like when his life was perfect, and he was still the only dog. Angus hates being stuck in the middle. And Kirby just feels like she's always bossed around. Readers of every age will chuckle over the silly antics of these pooches while being reminded that siblings provide lifelong lessons in

tolerance, patience, sharing and conflict resolution - plus siblings make cleaning up a lot easier!

Julia Cook, a former school counselor and teacher, writes books for children that are entertaining and teach important social and behavior skills. She has authored dozens of books including the popular "I Just Don't Like the Sound of No!" and "But It's Not My Fault!"

We love this book in my classroom.

My 6 year old grandson loves it!

Julia Cook's books were recommended by our son's speech therapist. They are great in explaining situations to kids and helping them understand the consequences of their actions.

Ahh sibling rivalry, the scourge of every home with more than one child. The cause is unknown but the repercussions are most strongly felt. Growing up as an only child, I could not understand my friends' discontent with their siblings. I would love to have a brother or sister. . . . Or so I thought. In a lighthearted and amusing way Ms. Cook helps children see the blessing of having their brothers and sisters. I know I didn't like being the "only dog". Three dogs are the "siblings" in the story. Angus is the oldest, Chihuahua, followed by Jake a dachshund and Kirby, the baby girl and also a Chihuahua. Each fur family member shares their frustrations about the others and tells why it would be better if they were the only one. All the complaints are what are commonly heard from human counterparts. The fussing and fighting reaches a peak and the "skin mommy" (owner) calls a halt to it. She begins to share the important points children usually overlook as to the blessings of not being alone. The illustrations are super cute. I read the book to a 4 year old and she wanted to linger over each page discussing every detail in the pictures. At the end of the book the author shares 5 tips on dealing with this familiar family matter. An excellent book for children and parents! Go to [...] to see more of them of the author's books!

Excellent book about sibling rivalry... Kids love it !!!
