This book is amazingly simple to understand.Matthew's portrayal of a true prophet and of true prophecy from God is broken down in simple terms. It taught me the foundations of how to judge a word from God, or whether it is spoken in haste.I enjoyed how his personal experience has helped to shape who he is and who God is for him. Not many authors can accurately portray the simplicity of what is the Gospel quite like Matthew. This book truly inspired me to go out and begin to practice the prophetic on people on the street. It is easy to understand that Matthew carries a strong

relationship with Jesus Christ and His Spirit , which is why it is so easy to understand the basic principles outlined.In this book you will not find a complicated system or formula, but rather simple keys to walking in the prophetic as a believer.What is also truly enlightening is how he explains, the difference between the prophetic ministry and the ministry of a prophet and how important and valuable both are to the Body of Christ..I challenge anyone to delve into this book with a open heart for more of Jesus and you will truly come out with a stronger yearning to draw closer to him..Be blessed. .and thank you Matthew for your wonderful work.

Just finished reading the guide and I found it interesting. Have prophesied once before when the Holy Spirit fell on me. Don't remember the message interpreted because I was weeping a lot, because God was faithful to use me, not a pastor, no degree but my "prayer" to be used by faith, and yes, the Lord hears and sees. By revelation He showed me it would happen, the day I least expected I was that vessel and I praise Him forever for that opportunity to be a voice. In reading Mr. Payne's book I will be honest I cried every now and then. For those who don't understand why God uses those that "they" may feel are not connected, you may have to die to the flesh and understand, "we are all God has to work with we are Imperfect, but He uses us!" Aren't we glad for that opportunity? Also mental illness, doesn't mean you cannot be used by God. Some things you need to be open minded with the things shared. I am sure that Mr. Payne is well aware you cannot fool the Lord nor would he want to make the Lord come down to him. I felt peace, and was not lead by my mind but focus on my spirit, and if you love the prophetic like Mr. Payne displays clearly, I am sure He knows there will be those who disagree with some things and to be expected. I found the guide informative, insightful and although I cannot afford to pay for a word, I am compel not to and would have to wait on the Holy Spirit to give me that word. The experiences are unique that were shared, and the part of taking that step and send a word to the author is very challenging. Although explained the direction to take in doing so, I am more concern the flesh might rise and not be accurate even though I know I am prophetic like many.The mix that comes with those who are prophetic as Mr. Payne explains in his writings is true. I agree from experiences that you can walk in a few kinds of the gifts but it's always the Holy Spirit who Heals, speaks, and leads. I always felt IMO (in my opinion) that the Lord is who tells you if you are a prophet. I am careful with people speaking into my life as I have not had someone speak over me but once, and yes, what they mentioned was remarkable because of a dream the night before. Have been allowed to see visions and dreams, WOK, and much more, with eyes to see since a child. True rejection as Mr. Payne says is such a reality. I believe Mr. Payne and I am careful to not criticize the Lord's anointed, that's

not wise if you cannot confirm what's share to be true or false because we don't know what the Lord is doing in someone's life. I don't have money to seek after Mr. Jeremy Lopez and I have seen and heard of Mr. Lopez by his website, you tube. One note going back to Mr. Payne's book, is that I think what he shares is in sincerity. I did read reviews before I bought the book and did not find the comments shared about his condition to be drastic, it's a testimony people, its life, and many persons seek medical help but remember God bypasses ANYTHING if He has a purpose. I myself have desire to write but I have not been release to do so and there are things to consider, cost, and the know how. I am a type Joseph and have learned that along the way, You cannot always "share" everything with others despite you know that you know God is moving and you want others to know that amazing God that you personally have a relationship with. Mr. Payne has that relationship, if He is spirit lead and doors are opening and books are being created to equip the body, then he can't be that off. Pray about it, God is able to Reveal to you IF you ask. I have bought two other books of his, the angels, because I have had personal encounters, and another which I do look forward to reading after this review. It would be great if Mr. Payne would write on Seeing, hearing in the Spirit and share the scriptures for references for those especially about symbols you see in visions! I have a dream log since 1987 and symbols and I was taught mostly by the Holy Spirit and stepping into searching scriptures. The realm of the Spirit is very real as Mr. Payne clearly sees and you do experience dying in the flesh to some things even IF you were not aware you missed it. Yes, it's a big "ouch". Sharing that prophets or those prophetic in Mr. Payne's book will go through so much is so true, and if you read books like this author's you can learn a few things if your not so quick to judge, you have Free will not to receive everything. I enjoyed the book, I respect it, and it takes courage to share but it's that knowing that you know that prompts you at that right Spirit lead time to share those things and that's what Mr. Payne did. I don't know him personally just in case just a mom and grandma lol but I love the prophetic and you can test, and seek the Lord for answers to hear from Him as well for yourself. Mr. Payne is not hiding that, the book is well written and it repeats in some areas a lot in different sections, it's because "it's true" those experiences NEVER leave you in the Lord. Thanks Mr. Payne, glad you shared what you did. Sorry for the long review lol.

Payne's book is a great introduction of the prophetic for those who have not experience this spiritual gift. His approach to the gift of prophecy is simplistic and to the point. This book makes a great study guide to lead a group for those seeking to experience the spiritual gifts and maintain a healthy relationship with God. I enjoy especially Payne's viewpoints, and his great explanations of the gift of

prophecy and how to embrace it. I was looking for a book for the youth group, and I highly recommend this book for anyone who is seeking for the first time to learn the spiritual gift of prophecy.
