# The Complete Parallel Bible With The Apocryphal/Deuterocanonical Books: New Revised Standard Version, Revised English Bible, New American Bible, New Jerusalem Bible

## Synopsis

The Complete Parallel Bible presents four of the most highly respected modern language Bible translations arranged side by side for easy comparison. The parallel format brings new insights into the distinct characteristics that distinguish the texts used by Protestant, Catholic, and Orthodox Christians. This unique work highlights the importance of the translation process in defining the priorities and concerns of these different groups, and reveals interesting contrasts in literary styles, verse placement, and canonical content. The volume includes three translations that have an imprimatur (NRSV, NAB, NJB).

## Book Information

Hardcover: 3291 pages

Publisher: Oxford University Press; New Revised edition (November 25, 1993)

Language: English

## Customer Reviews

"Oxford University Press has created a unique resource...of interest to preachers, biblical students, and scholars alike....Those without a command of the biblical languages can see the range of possible nuances for a particular word or phrase; preachers and liturgists can choose preferable translations for a particular occasion."--Donald Senior, Bible Today

Small print. Hard to read for long periods of time but it could be good for a quick study. Versions are very similar except for the Jerusalem version. Would've preferred to have the New King James with it but it's OK.

Excellent comparison of the widely used english translations in catholic and protestant circles.

Contains two translations that follow a close word for word interpretation and two translations that follow a more meaning for meaning interpretation. Includes scripture considered canonical by Protestant, Catholic, and Orthodox communions.

I like the idea of 4 Bibles in one book, easy to read and compare.

Enjoyed the bible

How cool is it to have 4 translations of the same passage right in front of you? Even my older kids think it's awesome! Just taking the weekly readings and comparing the translations is a great experience. I'm looking forward to more in-depth use.

Excellent resource for bible study. Compare translations right on the same page opening.

I chose this because of the translations, the apochrypha, and the side by side comparison. Unfortunately, the print is very small, making it difficult to read. I'm very disappointed.

I already wrote a review of this purchase but nevertheless I will do it again. I am so appreciative of the condition that this bible was kept in. It looked brand new except that a name was written in the front of it. I previously checked this bible out of the library a few times and loved it but it was very old and worn and I wanted to own one of my own. The price was fantastic as I had seen it for sale up to \$249.00 and I bought it for \$30 something.
