## Customer Reviews

Wonderful family resource.

I'm a fan of Walt Disney and his many creations. I've been going to Disney World since it opened in 1971. I wanted some pictorial books and started with Disney World The First Decade, 15 year Anniversary, 20 Magical Years and The 25 year editions. I enjoyed them all, but their focus was more of an overall look at the entire WDW experience. This 192 page hard cover book is much like the others I mentioned above, but being that it is newer it spends itself out over all four parks. The book is mainly it is an overview of the parks themselves. I would recommend buying the earlier ones too as they each add and take away certain things with each edition. I have a book on EPCOT and one on the Animal Kingdom, but I wish I could find ones on Magic Kingdom and Hollywood Studios solely as they seem to be more in-depth.

Another WDW book to add to my collection. Love the professional photos and from locations or perspectives not normally seen by guests. Brings back good memories of our trip. Although the book was slightly used, got a good bargain on it and was very readable. Seller shipped in a reasonable time frame and their rating for this book matched what I recieved.
