Star Wars™: The Jedi Path And Book Of Sith Deluxe Box Set

Synopsis

This box set brings the light and dark sides of the Force together for the first time. The Jedi Path is the ancient training manual that has educated and enlightened generations of Jedi, including Yoda, Qui-Gon Jinn, Obi-Wan Kenobi, and Luke Skywalker. They have handwritten their comments into this text, the only remaining copy in existence. Book of Sith is a compilation of six legendary dark texts gathered and bound together by Darth Sidious, and featuring comments from Darth Vader, Mace Windu, Darth Maul, and others. This deluxe edition contains an exclusive portfolio with two prints, each depicting a prominent figure from either side of the Force. With these two titles, students of the Force can study and more fully understand the complex powers of good and evil.

Customer Reviews

Daniel Wallace is the New York Times bestselling author of numerous books that explore the Star Wars universe.

Thanks to this books I could convince my son that Dark Side of the Force is superior and that he should join me so we could rule the galaxy together.

Omg I totally geeked out hardcore after getting these. The little side notes from other Jedi and Sith Lords in the margins. Such a fun collectors item. Very worth it.

Awesome set. I bought these for myself, but as a normal level star wars fan (i dont do comicon) i can tell you any fan would be thrilled to have this. The books are well written, exquisitely illustrated and even physically put together in a way that makes them look heirloom as tho passed down from many generations. Tons of intriguing star wars teachings, technique and lore. Jedi & Sith. If youre a star wars fan or shopping for one, you cannot go wrong with this set. Even the box is nice.

It's nerdy and epic AF!

bought this for my husband. He loves this book so much! I highly recommend it. if you are a fan of star wars its must have

Amazing. Must have if you're a Star Wars fan

Must have for any Star Wars fan. The Book of Sith is particularly interesting since the movies only touch on a little bit of Sith lore.

pretty fun reading for Star wars fanatics, but no one else. I enjoyed Jedi Path better than Book of Sith.
