# Fitness Through Aerobics (9th Edition)

## **Synopsis**

Reflecting current popular topics in group fitness, *Fitness Through Aerobics*, Ninth Edition covers a broad array of issues that speak to a wide range of aerobics instructors, and will engage students of every background and discipline. Bishop teaches steps and methodologies for performing all types of aerobic group exercises— as well as strength and flexibility exercises that contribute to proper technique—in a straightforward, accessible writing style. The Ninth Edition is completely updated with videos that demonstrate proper exercise technique, new coverage of the latest group exercise activities, and new photos.

She has co-authored a college wellness text titled *Step Up to Wellness* and presented at the state, district, and national level on fitness topics. Her background includes co-running an aerobic dance certification program and being Gold Certified by IDEA. She received her M.S. in Physical Education and Dance at Indiana University and her Ed.D. in Physical Education at Arizona State University.

Book was in proper condition, shipped very fast, and the whole purchase went really smooth. Great book for beginners in aerobics.

Works for what is needed. A bit rough for wear but readable.

I rented this book and it satisfied my expectation because it arrived at the expected delivery date. It is very reliable and I like that when it comes to purchasing/renting online!

I didn't really need you so I returned you

Great for class.

Massive amount of unnecessary text & theory. Too few sequential pictures of exercises.

okay

Very good sender. Got my book in a reasonable amount of time for school. And it was exactly what the description said it would be! Very happy!
