Synopsis

This book will show you how you can get the most out of your sewing machine while quilting, from working easily with different weights of batting and fabric, to great time-saving tricks, and how to add a cornucopia of decorative stitching effects. For those new to the wonderful world of quilting, you will find all the help and advice you need to get started. Whether you have just completed your first piece of patchwork and find quilting a daunting prospect, or have been quilting your own work for years, this book is packed with all the information you need to get the most out of machine quilting, inspiring new design ideas and finishes along the way. â ¢ The must-have book for machine quilters, from beginning to intermediate level. â ¢ Get the same polished effects as the professionals with this collection of techniques, tips, and templates. â ¢ Includes projects on which to practice your new-found skills.

Customer Reviews

â œEssential and well organized information is given for every step of the quilting process in this instructive guide.â • â •Machine Quilting Unlimited

JOANIE ZEIER POOLE has had a lifelong passion for quilts. Through her company, Heirloom Quilting Designs, she creates original patterns for quilting, appliquÃ©, and embroideryâ •and she loves to share her expertise and innovative ideas through teaching workshops. Joanie has designed many award-winning quilts, earning "Best of Show" at both Road to California and Pacific

International Quilt Festival quilting competitions. She is the author of three books: Elegant Machine Quilting, Joanie’s Design Elements, and Joanie’s Quilting Elements.

I found this book inspiring as well as a great reference book. Covers pretty much everything as well as some projects to get you going. All and all I’m very happy with this book and find it a great addition to my growing quilting library. Thanks .com for carrying it.

The book is informativ on how to quilt the top to state your purpose, simple to follow instructions and examples.It`s a book where I can find the information needed to start quilting, get the right supplies like needles, threads.....I recommend this book to any quilter. It si very helpful.

Just as described, delivered on time. thank you

A gift for my mom for Mother’s Day. She is excited! She had wanted to do this for awhile to her quilts & is very excited about this book.

I’m new to quilting and one attempt to hand quilt a small project convinced me that machine quilting is more my style. This book is, as it says, a "complete guide". Probably a few gaps, but I don’t know what they are yet.

Nothing really new or innovative for home, standard machine quilting. Very disappointed.

This is a very detailed and simple book and I am enjoying it. There is one section that I feel is missing though ~ how to cut the fabric.Had that one section also been in the book I would have rated it a 5.It is an excellent book though!

An excellent start for my daughter’s new quilting hobby.
