But writers record these thoughts and observations. They react. And they need a special place to record those reactions.ÂÂ Perfect for classrooms, *A Writerâs Notebook* gives budding writers a place to keep track of all the little things they notice every day. Young writers will love these useful tips for how to use notes and jottings to create stories and poems of their own.

Ages 8-12. Fans of *Harriet the Spy* who want to try keeping their own writer's notebook will appreciate this inspiring handbook. Written in a direct, non-condescending style, writer-to-writer, it offers realistic, experienced advice on how to keep notes and use them to create stories and poems. Fletcher, author of the ALA Notable children's book *Fig Pudding*, fleshes the book out with numerous examples from his own notebooks and from those of other writers, child and adult.

Writers are like other people, except for at least one important difference. Other people have daily

thoughts and feelings, notice this sky or that smell, but they don't do much about it. Not writers. Writers react. And writers need a place to record those reactions. That's what a writer's notebook is for. It gives you a place to write down what makes you angry or sad or amazed, to write down what you noticed and don't want to forget

Suitable for teens or adults. It is not a journal type book as I had anticipated. All pages of reading; not one place to record your thought and experiences as well. Disappointing.

I gave this to a young aspiring writer teen, and he loved it.

Great book!!!! I use it with my class.

Great for explaining writer's notebooks.

great

Exactly the inspiration i needed to restart my own notebook and get inspired to have my own class of kiddos keeping one.

Great book for teaching Slice of Life

As a teacher, you know what to do but helping students understand the process is sometimes difficult. Fletcher spelled it out and I now have a grasp on the process.
