Customer Reviews

A good variety of songs, easy to see and read finger charts are included. There are only a few with alternate notes than I recall. It is a great little book. It does need help staying open.

Enjoy how simple it is to read this book with no musical experience. Would recommend this for young and old. So much fun!

Very simple to follow notation and tabs for the whistle. I've purchased the entire set of books. Highly recommended for beginners or for teachers with students of all ages. I would like to see the entire collection offered as a set. Thank you! [30 Irish Folk Songs with sheet music and fingering for Tin Whistle \(Whistle for Kids\) \(Volume 5\)](#)

I like the finger notes for the tin whistle, I would have liked more traditional music however I know this will help my tin whistle progress and there are more books available with different kinds of music

A+

Just what I wanted, just what I asked for.

The book does not include the notes for the whole songs.

Some good and interesting songs.
