Just add a few ingredients to your PG/VG mixture, give it a quick shake, and start vaping. Use these e-juice recipes as a starting point and configure your own concoctions. The beauty of creating your own e-juice is the ability to modify it to your own taste, so by all means have fun making these recipes your own! So what are you waiting on, let the shaking begin!

Customer Reviews

nope

Almost no recipes. Not worth the time even if it was free.

Good book should help save money

Great book

It would have been much better if the author would have listed the vendor of each flavor next to it in the recipe. Too much guess work.
