Psychic Sexuality - The Bio-Psychic "Anatomy" Of Sexual Energies

Synopsis

In 1989, Ingo Swann was invited by Dr. Elmer Green at the Menninger Foundation to participate in experiments involving physical energy fields, body, electricity, and states of consciousness. The experiments were conducted within an elaborate electrostatic "copper wall environment," the design of which was based on an ancient Asian technique to activate and enhance clairvoyance and lucidity. As a result of the numerous experimental sessions undertaken, Swann's clairvoyance increased tremendously. Various states of lucid consciousness were achieved with respect to "seeing" vivid details of invisible energetic fields and phenomena of the biological body and its astonishing higher-energy systems. In *PSYCHIC SEXUALITY*, Swann reports on the high-energy systems associated with sexual energies that most people sense, feel, and respond to at very basic levels of consciousness even if they cannot perceive them by clairvoyance. Swann enlarges the book by providing an historical overview of several past epochs of higher-consciousness research during which sexual energies were vividly encountered , but which research was vigorously condemned by organized societal forces. The existence of the societal suppression is itself suppressed. If it was not for the shocking methods utilized to achieve it, the suppression is quite hilarious. Why such research has undergone societal suppression provides an interesting question. As part of an answer, Swann provides a step-by-step rationale that has very surprising implications.

Customer Reviews

Ingo Swann knows how to lay the foundation for new ideas regarding "sexualizing energies" and how they impact psychic and spiritual development. He also explained how it is that the Soviet Union has been and is doing so much research on psychic abilities and remote viewing; unlike the West, human energetics is not linked to religion. The West links "psychic" with religion, while the Russian peoples have a long tradition of shamanism, including chi kung (qi gong) in Siberia, in which for many thousands (earlier than 4,000 BC), the medicine people experienced and taught that everything in the universe is energy in motion and continual transformation through complementary forces (the yin and yang, or female and male, in human terms). The scientific West, on the other hand, is terrified of what it cannot see because it might rouse the specter of religion. And "sexualizing energies" as Ingo calls them, are really a part of all other energies, yet Western science equates them with the biological seeable and denies these energies as they exist in higher states of consciousness.

Psychic Sexuality has redefined the human being and potentially changes the way we react with each other and with nature. The world truly is stranger than we can know. The suggested reading at the end opens the possibility of a brave new world. Swann's ability to see auras allows the reader to glimpse at interactions between auras that are vivid and exotic. Walking into the grocery store takes on a whole new meaning. I highly recommend this book to the intellectually adventurous.

This was the book I was looking for, the copper wall experiment, the results, amazing. Don't let the title fool you, this is not just another Tantric how to read. This is the book for those looking for the results of Ingo's journey into deeper realms.

I wish that there was more talk of technical discussion of the way that the energies connect with types and forms of well known energies like electronic energy. However overall the book does have some great information that you do not find in other places. It is too bad that the author is no longer living. I would love to have seen more of this kind of study from him.

What a gifted guy Swann was. Too bad he died a little earlier than perhaps one would have anticipated. The book is probably not quite what some think it is. If you're a fan of Ingo Swann, you will most likely enjoy this book! If you're not a fan, then better hurry and buy his books before the prices go up any further!?! The prices are becoming ridiculous. But the one I bought, which is the Kindle version, was reasonable. The book of the same name is going higher and higher....

Very intelligently written. Covers the topic of sexual energy and much more! Great read

Very objective style. I am reading all of Mister Swann's books.

It's Ingo Swan, what more need be said? Intriguing, erudite, thought provoking, strange, and nicely written to boot. Phenomenal reading.
