Angola & Zambia Map Pack

Synopsis

The ITMB Map Pack for Angola & Zambia, is now available. This package consists of 2 current maps: Angola & Zambia. Angola Travel Reference Map, 1st Edition, Scale - 1:1,300,000 Angola is a fascinating mixture of ethnicity and wealth. It is still climbing out of the morass of post-colonial rule, but is now as safe as any country for travelers. Its infrastructure, particularly its roads are of uneven quality, and we hope that this map will stimulate visitors to write us of their experiences with travelling through this vast country. We have tried to include as much detail as possible, and as accurately as possible, given the uncertain nature of much of the base material. The map includes a decent inset of Luanda, the capital, and all areas designated as parkland. Zambia Travel Reference Map, 4th edition, 1:1,500,000 scale - Tourism to Zambia is at an all-time high, thanks to the utter collapse of neighboring Zimbabwe. Why? Well, Victoria Falls is easily accessible from Livingstone, and Zambia has ramped up its tourism infrastructure to take advantage of the demand to see one of the great wonders of the world. Zambia is also proving to be a stable and reasonably democratic state, and progressing accordingly. This map updates everything we have been able to find about the country. Naturally, one can purchase the maps singly, but this is a marvelous opportunity to pick up all 2 maps as a package for \$13.95. Normal trade discounts apply. This is a bargain, no doubt about it. The maps are packaged in a transparent plastic zip-lock sleeve and are available. * Please note to all retailers, this product is NOT subject to Return or Exchange due to its deep discounts. It is well packed and should be sold as a bundle package to customers.
