Great resource

This seems like a great one! My son has been playing trumpet now for 5 years and this series of books are easy to follow. He's an awesome trumpet player and as a result of music education an awesome student. He's also an awesome human being, but I'm going to go ahead and take the

credit for that:)

This was a suggested book by a private instructor. Excellent music that challenges the musician.

Exactly what I was looking for.

great product!

Good value for a required book for band.
