100 Authentic Blues Harmonica Licks

Synopsis

(Harmonica). If you're just getting started or a veteran looking to add more licks to your arsenal, this book with audio pack is for you. From basic 12-bar blues backing riffs to mojo-packed solo licks, Steve Cohen shares 100 time-tested licks to help you get the most out of your 10-hole diatonic harp. All examples are played on a C harp and are written in standard notation and harmonica tab. The audio includes demonstration tracks for all of the licks many with play-along tracks. Includes: cross harp and straight harp licks; boogie-woogie licks; stop-time licks; ascending & descending licks; funk licks; shuffle licks; horn-adapted licks; glissandro licks; octave licks; warble licks; over-blowing chromatic licks; turn-arounds and endings. Also include many riffs in the styles of Sonny Boy Williamson II, Little Walter, Howlin' Wolf, Jimmy Reed, James Cotton, and more!

Customer Reviews

I opened the first page and knew immediately this is not a book for beginners or even advanced beginners. I think you would need to be fairly accomplished to play most if not all of the licks. It doesn't even start you off with some simple licks so that you could get the idea, practice them and

then start working on more complicated ones. If you're still struggling with bends, slurring, octaves, trills and the rest you're going to be lost. For advanced intermediates this is probably a helpful book, but if you're that far along you probably know these licks.

I'm still practicing, but this may be too advanced for me.

One of the best, if not THE best blues harmonica licks books with lots of renowned licks from legendary harp players.

Really nice material (for intermediate-to-advanced players)!

Tablature was a bit confusing
