Customer Reviews

As of January 2017, this is the newest LSAT PrepTest. The LSAT has evolved (like a virus) since the ancient exams from 20+ years ago in the first book of 10, so it's *really* important to get the newest exams. If you're reading this sometime between 2017-2020, you should probably complete this test as a timed test a week or two before Test Day. This exam is not yet published in a book of 10, so it's pretty expensive....BUT IT'S WORTH IT. A small investment of about 10 bucks can pay off big time for your law school future (and potential scholarship \$\$\$). Once LSAC publishes this in a book of 10 exams (which they'll probably do after publishing PT81 after the June 2017 LSAT), don't

get all these individual exams. That'd be a big waste of money. It'll be a MUCH better deal to get the book of 10 containing 72-81. Other books of 10 you should probably get (72-80 are only available individually right now): 62-71 52-61 Also, you should know that LSAT exams 66-present are *the only* ones that give you 2 pages for Logic Games. Before 66, each test only gave you one page for each Logic Game and related questions. Now, they give you two. Pretty cool, right? Happy studying! Feel free to reach out if you need any help with your prep.

this practice test is great if you have issues with timing yourself. For me I always buy prep books and don't even read through the whole thing, but this test booklet just cuts out the bs. It's important to time yourself while using this, it helps when taking the actual exam. Makes great practice!

I'm currently studying nonstop for the lsat - this is legit test forms from years past and is the best prep you can do. Totally worth the money. Invaluable practice!

Great intro to the exam and includes a practice exam to get an idea where you're at!

Looks great and is very easy to set up, so we don't need much time to decorate during the Holiday! Keeps definition even at a distance from my home. Build quality seems very good so it should stand up to winter weather.

very good.

No explanation why answer is wrong.

Excellent Book
