The Stone Sky

Synopsis

This is the way the world ends...for the last time. The Moon will soon return. Whether this heralds the destruction of humankind or something worse will depend on two women. Essun has inherited the power of Alabaster Tenring. With it, she hopes to find her daughter, Nassun, and forge a world in which every orogene child can grow up safe. For Nassun, her mother's mastery of the Obelisk Gate comes too late. She has seen the evil of the world and accepted what her mother will not admit: that sometimes what is corrupt cannot be cleansed, only destroyed. The remarkable conclusion to the postapocalyptic and highly acclaimed trilogy that began with the multiaward-nominated *The Fifth Season*.

Customer Reviews

An appropriate amount of revelation and intriguing mystery; loss & despair balanced with hope and redemption. I like the shift in narrative was, I think, a wonderful way to uncover the past while progressing the present events. If you've already read the others ... you'll find this a worthy terminus ... I'd love to read more about the broken Earth...and its future...

A stunning work of speculative fiction, and an instant classic as far as I'm concerned.

Good end to the story, I especially like the different perspectives.

This trilogy completely captivated me from start to finish. I have never been more emotionally

invested in a fictional story than in The Broken Earth series.

Another phenomenal job. Bravo!

Good read becomes great read in final 3rd! Very enjoyable book and excellent page turner. It was the perfect book to read on vacation!

One of the most amazing series I have read in many, many years. Thank you for all of these great books.

Interesting trilogy from NK.
